The following is cabled to the Tribune: Mrs. Langtry is now negotiating with Mr. Abbey for a dramatic tour in America. It is expected that it will be begun in October next, and continue six months.

The Massachusetts Legislature adjourned the other night in disgrace. A large number of the members were intoxicated, and the confusion and noise was great. The Boston papers say that the members "disgraced themselves." If this may take place in a green tree, what may happen in a dry? If all this can occur in the "cradle of liberty," what may happen in less favored localities ?
